That Bridge.

That the city council which meets next Wednesday night will pass an ordinance calling for bids plans and etc for the construction of an iron bridge across Red river at some point entering the city is an almost certainty. There has to date, without any special effort, been a little over \$700 00 subscribed for this purpose, provided the bridge is built at Wintersville which seems to be the most suitable place for same. If this subscription is raised to \$1, 000 00 there will be no doubt but what the bridge will be built.

The committee appointed to raise subscriptions for this purpose should get a move on and increase this subscription to \$1, 000 00, at least, by the council meeting so there will be no delay about the matter, for at this puncture no time should be lost. A large portion of this subscription will be withdrawn if not acted upon soon. By all means in the world this opportunity to get a bridge should not pass. It will be so much harder to revive again.

There is some opposition to the bridge on the ground that the ready to go down into their pock-

county should build the bridges in its boundary. Just so, it should. But this it has all along refused to do and will refuse to do until Clay City takes the initiation and builds one bridge at this place. When this is done the county will awake to their necessity till we hope to see every important river crossing in the county bridged with a substantial iron structure.

If this opportunity is passed, it will probably be a half a score of years before we will have one so favorable again, and during all this time it will be a loss to Clay City. It is our candid opinion that the business of the town will be increased by the opening of the proposed bridge to justify its construction if for only a half dozen years, but the proposed steel structure will last for a century or more, and will only need one coat of paint a year to keep it free from rust and insure its preservation.

Now Mr. Council of Clay City, let us have the bridge at once; each member of your honorable body wants it; the people of Clay City want it and are willing and

ets with their own volition to aid you in its early construction. So in the face of these facts, and with the revenue at your command there can be no excuse for delay.

Young Men Wanted!

Every young man in Clay City is wanted! Wanted from the street corners, from the loafer's rendezvous, from the idler's promenade; turn your steps into the highway of noble aim and earnest work. There are prizes enough for every successful worker, crowns enough for every honorable head that goes through the smoke of conflict to victory.

There is within the young man an upspringing of lofty sentiment which contributes to his elevation, and though there are obstacles to be surmounted and difficulties to be vanquished, yet with truth for his watchword, and leaning on his own noble purpose and exertions, he may crown his brow with honors. He may never wear the warrior's crimson wreath, the poet's chaplet of bays, or the statesman's laurels, though no grand universal truth may at his bidding be confessed to the world, though it may never be his to bring to a successful issue a great political resolution—to be the founder of a republic whose name shall be "a distinguished star in the constellation of nations,"—yea, more, though his name may never be heard beyond the limits of his own neighborhood, yet is his mission none the less a high and holy one. —

But why do so few young men of early promise, whose wise hopes, purposes, and resolves were radiant as the colors of the rainbow, fail to distinguish themselves? The answer is obvious. They are not willing to devote themselves to the toilsome culture which is the price of success. Whatever aptitude for particular pursuits nature may dominate to her favorite children, she conducts none but the laborious and the studious to distinction.

Mountain Schools Don't Do That Way.

As the result of a baseball game between the State College and the Kentucky University teams at Lexington, a general fight ensued on the streets with clubs and sticks. Blood flowed and the police were called out to put an end to the trouble. Many students were hurt.

Small-Pox on the Train.

Dr. G. M. Centers, of Hazel Green, diagnosed a case of small pox on the Lexington & Eastern passenger train Monday afternoon and caused a panic among the passengers.

The unfortunate man was named Harris his home being in the mountains. His face was a mass of sores and attracted so much attention and caused so much uneasiness among the passengers on the train that Dr. Centers, who was on his way to Lexington with his little son, Daniel, to have his eye treated consented to examine the afflicted man. He pronounced it a genuine case of small pox.

Harris was then moved into the baggage car. A wire was sent to the health officers of Winchester who met the train and took charge of him. He claims to be suffering from poison oak.

True to the Minute is the way your watch should keep time. If it doesn't it "needs fixing." You should take it to W. T. Webb at once and have him repair it for you. A guarantee of one year goes with all work.

Are You far Sighted?

Must you hold the book or paper at arms length to get the proper focus. If so a careful examination now and the use of proper glasses will set you right. There is worse trouble ahead if you fail to note warning. W. T. Webb, Optician.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. CHENEY & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Suffering

Will Not Help Your Disease, but Will Weaken Your Nerves.

Folks who think it is better to bear pain than soothe it—are wrong. Old-fashioned doctors used to say it was better, because they had nothing with which to ease pain but dangerous, heart-paralyzing drugs.

But now, that a safe remedy has been found. Dr. Miles' Anti-Pain Pills, it is wrong to suffer, for nothing can be gained but weakened nerves.

A safe rule to remember is: When in pain, take an Anti-Pain Pill.

This will soothe your quivering nerves.

Dr. Miles' Anti-Pain Pills relieve pain by restoring the natural secretions, in which they differ from opium and similar narcotic drugs, which relieve pain by checking the action of the glands.

They are sure and harmless, and are the latest medical treatment for the cure of Headache, Neuralgia, Backache, Rheumatism, Dizziness, Toothache, Stomachache, Menstrual (Monthly) Pains. Also nerve irritations like Seasickness, Car-Sickness, Sleeplessness, Indigestion, etc.

Pleasant to take, quick in results.

"I have used Dr. Miles' Anti-Pain Pills for sick, nervous headache, and have received the best results. I heartily recommend their curative properties, for they are successful."—REV. RAY A. WATROS, D. D., Iowa City, Ia.

The Short Line Railway Company has been incorporated by Mt. Sterling business men. The company has a capital of \$250,000 and will build a railroad from Mt. Sterling to Indian Fields or L. & E. Junction to connect with the L. & E. road.

Louis Pilcher, one of the editors of the Lexington Gazette, was in the city Tuesday in the interest of his paper. The Gazette is the oldest paper in the State having been published continuously for 116 years. Mr. Pilcher is increasing the circulation greatly.

James Douglas, of Plum, is here this week. He came up the first of the week and intended to go back home in a day or two but the river got up so he had to stay over longer. He readily subscribed to the bridge fund now being raised to put in an iron bridge at Wattersville.

Good Rains.

We have had a great deal of rain the past few days affording tobacco-growers a splendid opportunity to transplant their tobacco. The river has also been past fording again reminding us that we need a highway bridge entering the city. This we will have before Christmas comes again.

Sues for Damages.

Thos. Hamilton, a conductor on the Lexington & Eastern railroad, has brought suit in the Fayette Circuit Court for \$25,000 against this road as damages for injuries sustained last June by the breaking of a ladder on the side of a car. Hamilton fell under the train and was permanently crippled.

Made Young Again.

"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again" writes D. H. Turner, of Dempseytown, Pa. They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 25¢ at Swann-Day Lbr. Co's. store.

The Sick.

Mrs. Searcy, who has been no the sick list several days, is improving.

Mrs. J. B. Eaton, who has been very dangerously ill for some weeks, is now beginning to sit up.

Mrs. Polly Niblack, whose serious illness has been noted in these columns on previous occasions is slowly improving.

Quick Arrest.

J. A. Gullidge, of Verbena, Ala. was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25¢ at Swann-Day Lbr. Co's. store.

Republican Convention.

The Republicans of this district will hold a convention at Paintsville June 29, to nominate a candidate for Congress. County conventions will be held June 25. Theo. B. Bleakey, of Beattyville, the defeated candidate for Circuit Judge in the 23rd district last fall is the only candidate for the place. The empty house, and the job as referee in the appointment of fourth class postmasters in the district is all he

will get in the race, except a licking.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mingo, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50¢ at Swann-Day Lbr. Co's.

A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van-Metre of Shepherdstown, W. Va., says "I had a severe case of Bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by Swann-Day Lbr. Co. Merchants. Trial bottles free. Regular sizes 50¢, \$1.00.

Try for Health

222 South Peoria St.,
CHICAGO, Ill., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Swanson & Dunbar

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?
